2017 - Honours Physics Worksheet

This worksheet is intended for students who would be graduating under the 2017 calendar regulations. Use this worksheet if you started your physics program in 2017 (or earlier).

Fill in course names where appropriate. For required courses, place a check beside courses taken or currently in progress. Transfer credits should be noted by a different symbol.

Junior Credits (max 7) _____
The program specifies 3.5 junior credits (100 level courses) when MA110* is taken and 3.0 junior credits when MA103 is taken; electives can therefore include a maximum of 3.5 junior credits (MA110* taken) or 4.0 junior credits (MA103 taken).

GPA Major (min 5.00) _____
The major average includes all physics courses.

GPA Overall (min 5.00) _____
GPA Minor (min 4.5) _____

† Courses marked with this symbol are required to meet the university's Honours program requirement of 9.0 senior credits in the major.

Physics:

PC131 _____
PC132 _____
PC212 _____ †
CP/PC220 _____ † (or CP/PC120)
PC221 _____ †
PC235 _____ †
PC237 _____ †
PC242 _____ †
CP/PC315 _____ †
CP/PC320 _____ † (or CP/PC200 and CP/PC300)
PC321 _____ †
PC331 _____ †
PC344 _____ †
PC360 _____ †
PC454 _____ †

2.5 senior PC credits

(at least 1.0 credit at 400 level):
PC_____ _____ †
PC_____ _____ †
PC_____ _____ †
PC4___ _____ †
PC4___ _____ †

Computer Science:

CP104 _____
CP164 _____ (or CP114)

Mathematics:

MA110* _____
(or MA103 _____ + elective _____)
MA122 _____
MA201 _____
MA205 _____

Electives (13 x 0.5 credits – maximum of 4 x 0.5 senior physics credits):

_____
_____
_____
_____
_____
_____
_____
_____
_____
_____
_____
_____
_____
