*\*It is strongly advised that Students seek medical advice and documentation if they cannot meet academic requirements, write exams, etc. due to circumstances that would cause academic performance to be adversely affected. However in the above circumstances, the Student understands and acknowledges upon signing the above document, that:*

- *making a false statement will be considered academic misconduct and dealt with accordingly ...*

- *information may be collected regarding course status as part of the petition process*
- *the request for exception, deferral, etc. is an academic not a medical decision and may be denied*
- *deferred deadlines may fall in a future academic semester*
- *failure to meet academic requirements may result in failure to meet progression requirements, pre-requisite requirements for future courses, and/or deadlines for applications*
- *final examinations for any course cannot be deferred more than twice, students may only receive a maximum of five exam deferrals during the completion of their degree.*
